What you are basically looking for is a trend within a trend. This is why I call it the Micro Trend Scalping System. After a lot of trial and error, I came up with the 2 time frames that seem to work the best. The main time frame I use is the 1 minute, with the 15 second time frame in an identical template right next to the 1 minute.

Forex Scalping is but one of several methods that traders employ to reap that profit. A trader that scalps is usually in the market for no more than five minutes at a time. Average trades tend to be about 1-2 minutes per trade. The trader maximizes their gain by using leverage and a broker with a very small pip spread.
