of a Cuban family living under the repression of the Castro revolution. What makes this book different to me is its ability to make me care about its characters and what happens to them. There are many books about people whose lives were damaged as a result of the revolution.

"*Waiting on Zapote Street: Love and Loss in Castro's Cuba*" is the best book ever! Once I started reading the book I couldn't put it down. I'm an avid reader and enjoy historical fiction, even more so with this book because the writing style flows so well when telling about life in Cuba from multiple family member's perspective.
